

# Gemstone Deposits

ECMS 2019

9<sup>th</sup> European Conference  
on Mineralogy and Spectroscopy

One-day workshop (September 14, 2019) after the ECMS 2019 meeting

**Where:** Charles University (Faculty of Science, Albertov 6, Prague)

**How much** (*proof of interest*): 50 euro

(SGA grant will cover the fee for first 7 registered SGA-members)

## What shall you get:

- meet face-to-face and discuss with top specialists in the field
- lunch ☺
- book: Groat LA (ed.) (2007) Geology of Gem Deposits. MAC Short Course 37, 276 pp.

**Registration can be done separately from the ECMS 2019 meeting registration, simply on e-mail: [info@ecms2019.eu](mailto:info@ecms2019.eu)** (e-mail subject: Gem Workshop registration)

**Workshop web page:** [www.ecms2019.eu/workshops-information](http://www.ecms2019.eu/workshops-information)

## PRESENTERS

**Evan Smith (GIA New York, USA)**

Diamond: growth in the mantle and its deposits at surface.

**Lee A. Groat (UBC Vancouver, Canada)**

Emerald and its deposits.

**Gaston Giuliani (CRPG/CNRS, Université de Lorraine, France)**

The geology and genesis of gem corundum deposits.

**Jan Cempírek (MU Brno, Czech Republic)**

Gems from pegmatite deposits.
